

SLS 150

This high capacity, three bin plant is as portable as the SLS 100 with the added ability to produce 150 yds³ (115 m³/hr).

The new SLS 150 comes equipped with many of the same features as the SLS 100 but with more bins, a larger conveyor, and more.

Specifications

Aggregate Bins	Three
Storage per Bin	20 Ton / 18 Tonne
Cement Silos	Two
Storage Silo	428 cubic feet 12 cubic meters
Main Conveyor Size	30 inch
